

IDENTIFYING YOUR GROWTH DYNAMIC

OUTCOME

IDENTIFY THE
KEY PRIORITIES
IN ORDER TO
GROW YOUR
CHURCH

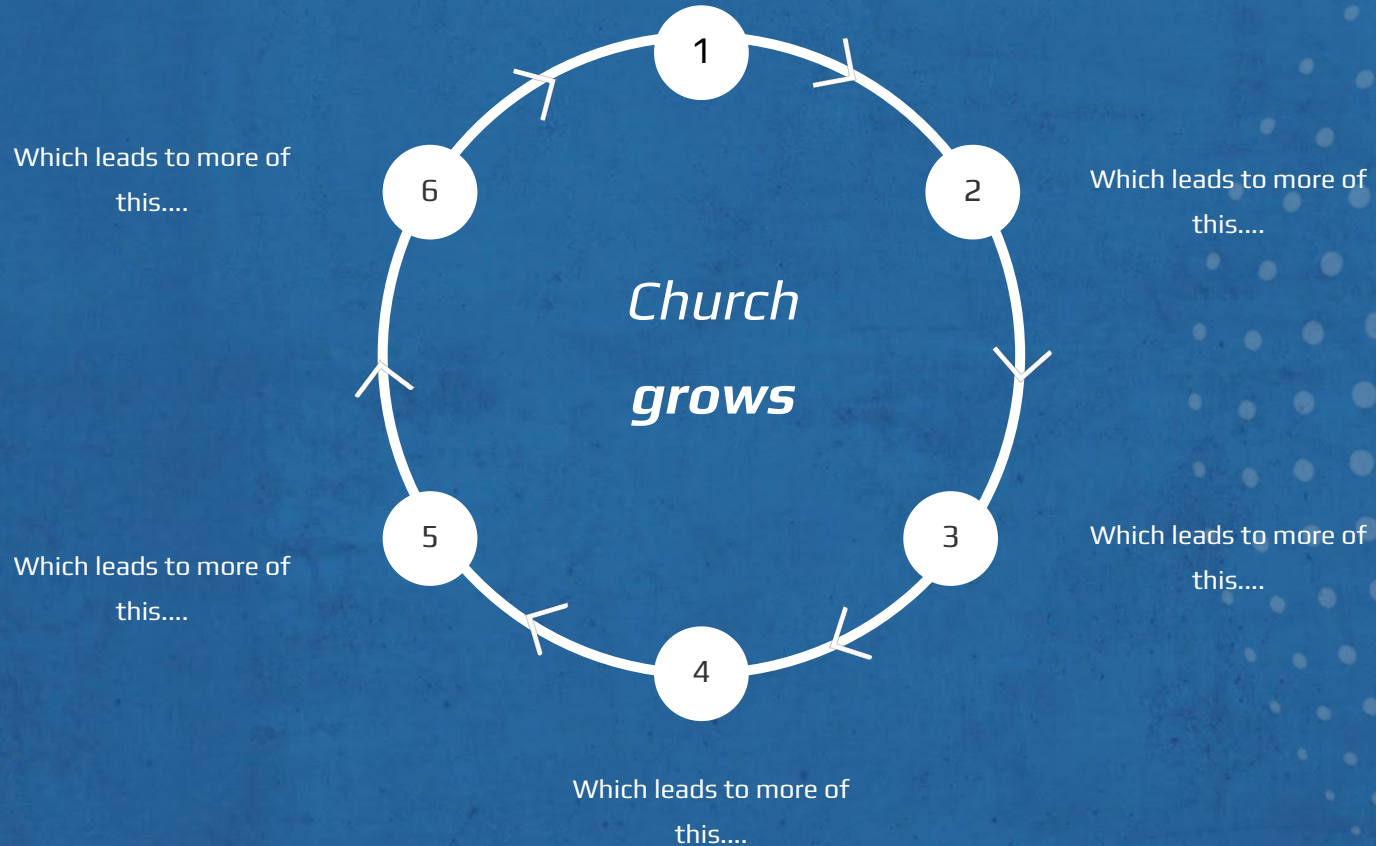

Is growth a black box?

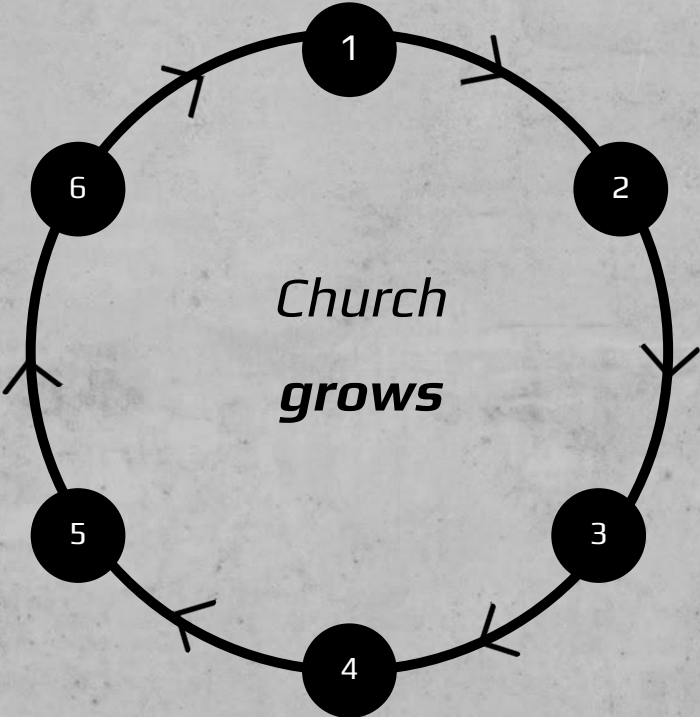

Is there a flywheel?

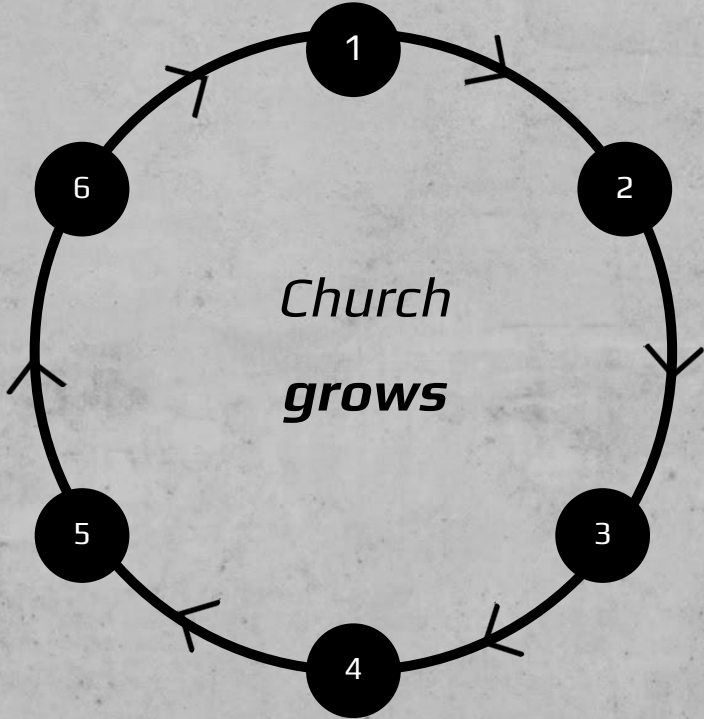

This is the ENGINE
OF GROWTH

Compelling Gospel Sharing

and reputation

Growing attraction of
people and financial resources

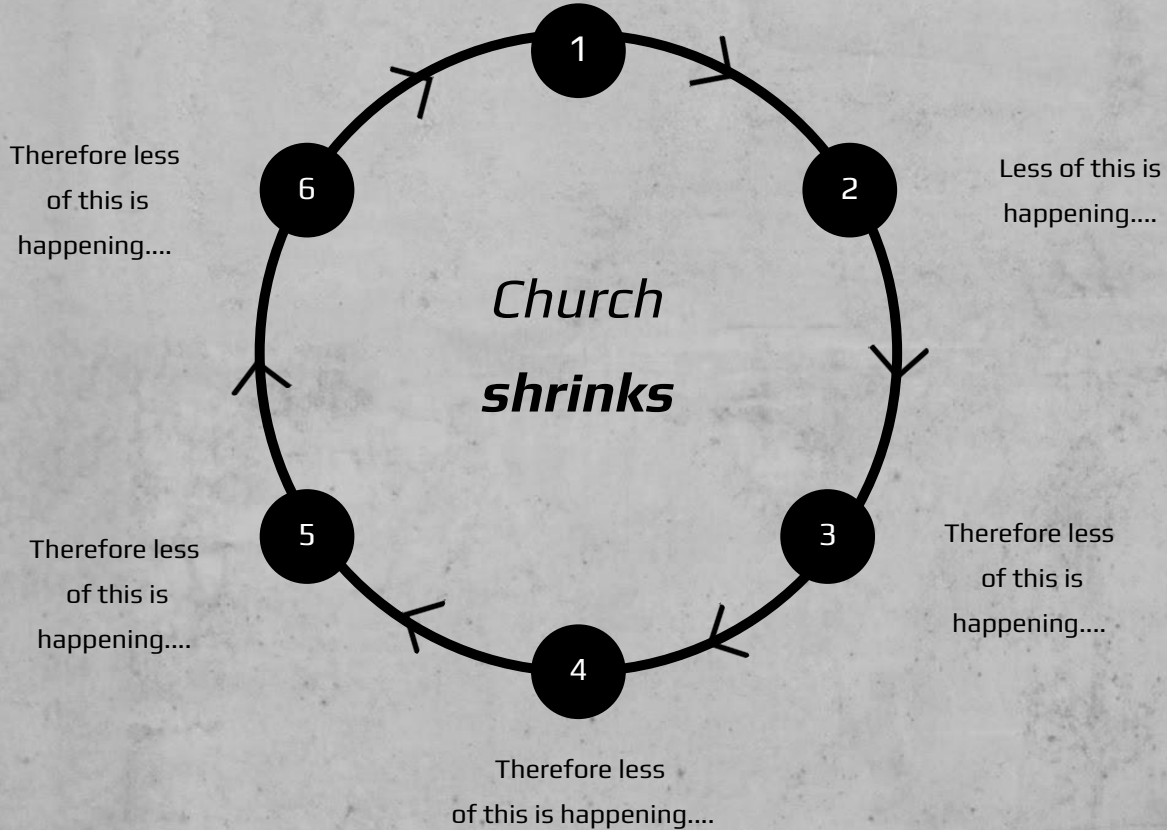

Principles

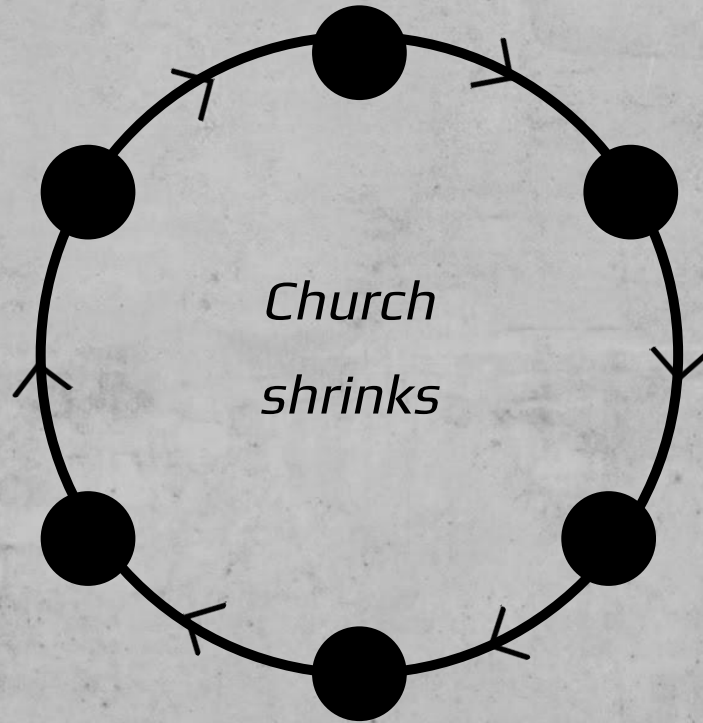

- Under the sovereignty of God and the work of the Spirit.
- The assumption of everything is underpinned by faithful Biblical doctrine.
- The engine (1) isn't the only ministry but it is the key ministry that drives everything else.
- Each part of the flywheel is necessarily linked to the previous part.
- If one part fails the whole wheel begins to slow towards collapse.

WHY CHURCHES SHRINK

WHAT'S
YOUR
GROWTH
DYNAMIC?

Family Church

Excellent children and families work

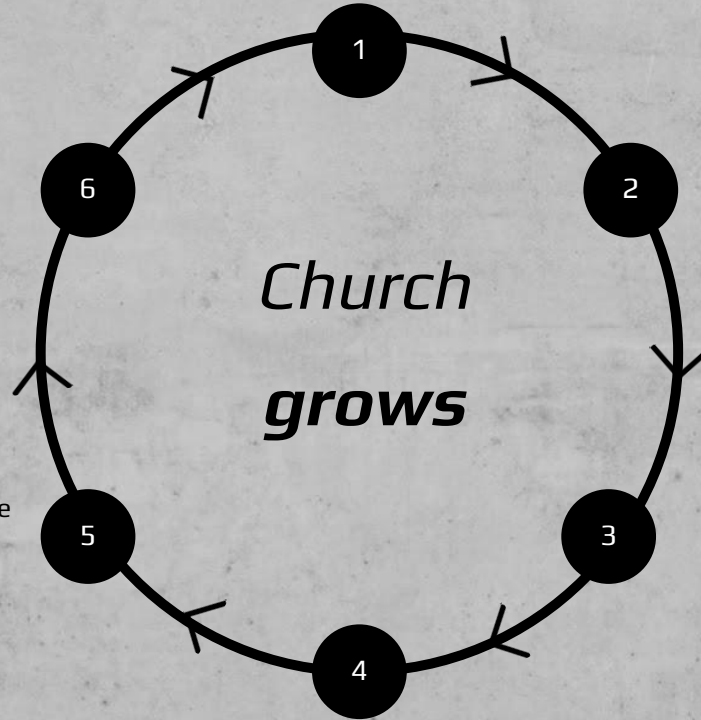

More time freed up to create and organise resources and events for children's and families work

Reputation grows for excellent children's provision

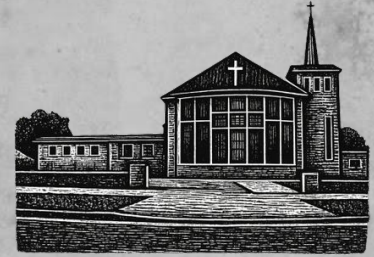

More people recruited to support the wider ministries of the church and protect the time of children and families workers

More families visit through invitations from other families and awareness of provision

More families are integrated providing committed stable earners and volunteers for the families ministries

Community Church

High impact community
Outreach Ministries

More people are trained
to serve on outreach
ministries

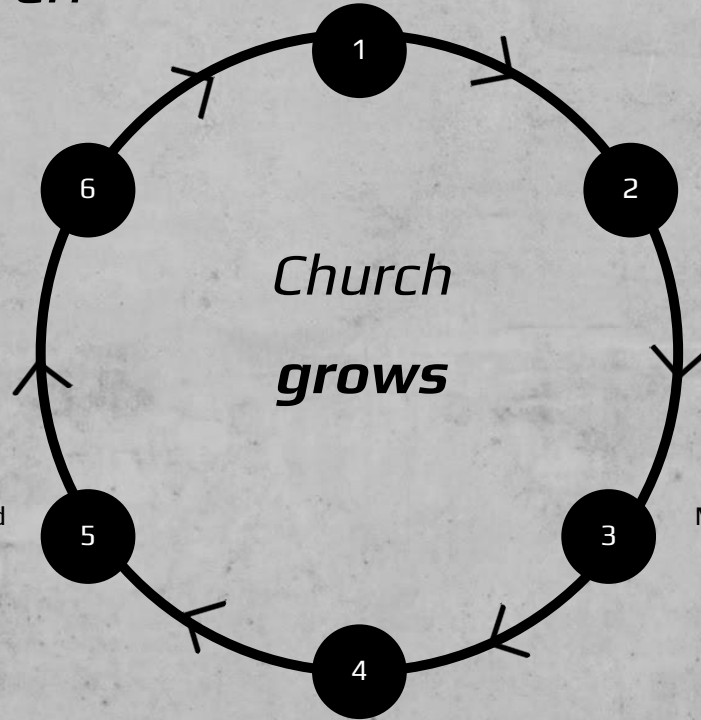

More people are positively
engaged from the
community

*Church
grows*

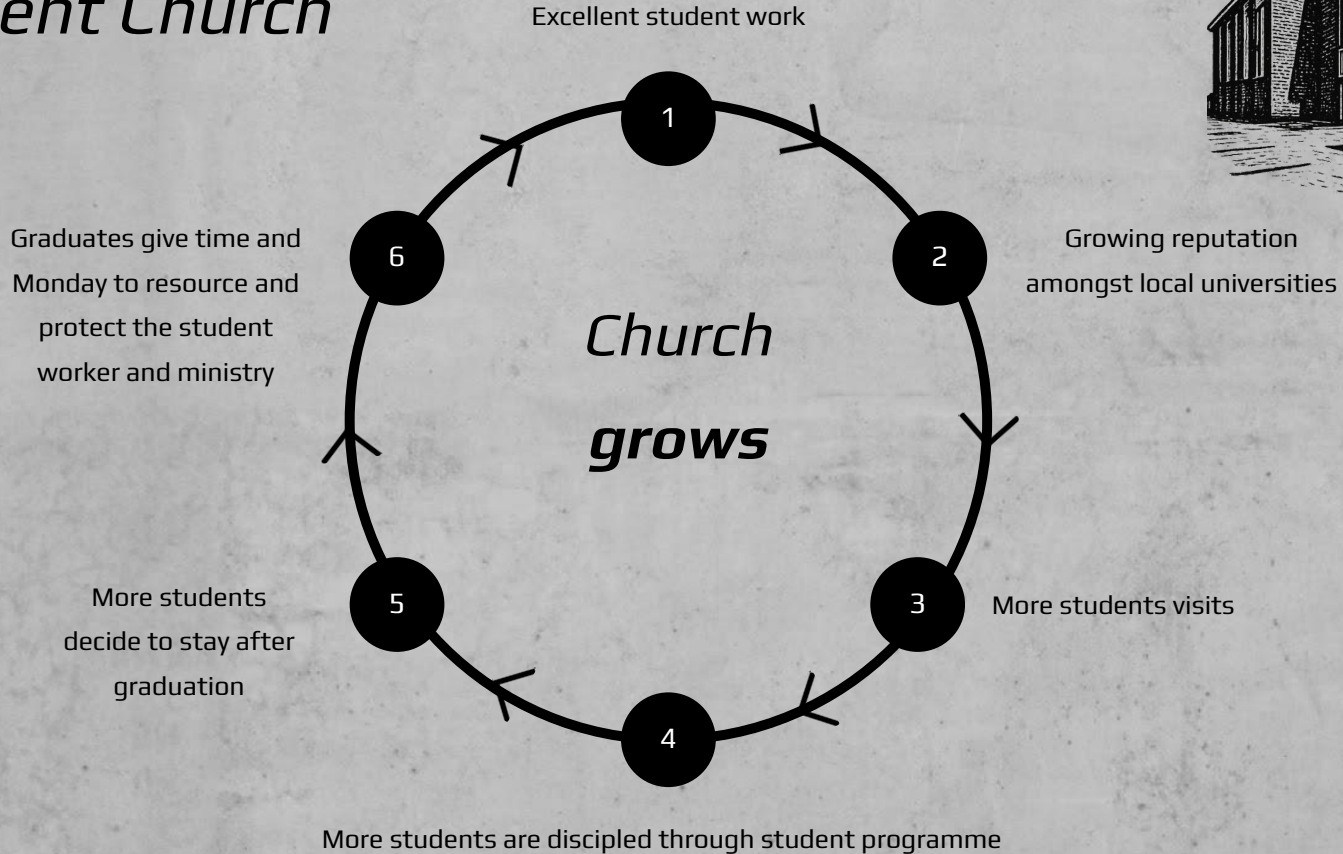

More people are converted
and discipled

More visitors attend the core
ministries of the church

More people are integrated through informal
relationships
